HERMES

6

Hermes è una scrivania regolabile in altezza che facilita l'ergonomia della postazione di lavoro e segue le esigenze di chi la usa: progettare, scrivere o costruire, qualsiasi funzione sarà agevolata, grazie all'altezza ottimale impostata.

Il meccanismo elettrico con memoria a quattro altezze di ultima concezione, permette la regolazione indipendente e la possibilità di memorizzare fino a quattro posizioni, il piano di lavoro si regola facilmente e in un attimo.

Un sistema pratico e smart per far diventare il luogo di lavoro un ambiente dinamico, capace di adattarsi ai differenti usi e all'altezza di ciascun utente.

Hermes is a height-adjustable desk that facilitates the ergonomics of the workstation and follows the needs of those who use it: design, write or build, any function will be facilitated, thanks to the optimal height setting.

The newly developed electric four-height memory control enables independent adjustment and can save up to four positions; the worktop adjusts easily and instantly.

This practical, smart system turns your workplace into a dynamic environment that can adapt to a variety of uses and to the height of each user.

Hermes est un bureau réglable en hauteur qui facilite l'ergonomie du poste de travail et suit les exigences de qui l'utilise : projeter, écrire ou construire, toute fonction sera facilitée grâce à un réglage de hauteur optimal.

Le mécanisme électrique avec mémoire à quatre hauteurs de dernière conception permet le réglage indépendant et la possibilité de mémoriser jusqu'à quatre positions, le plan de travail se règle facilement en un instant.

C'est le système pratique et smart pour faire devenir le lieu de travail un milieu dynamique, capable à s'adapter aux différentes utilisations et à la taille de chaque utilisateur.

SESTANTE

34

Gli ambienti multifunzione hanno bisogno di ottimizzare ogni centimetro a disposizione, Sestante è il tavolo con piano a ribalta ideato proprio per adattarsi con un semplice gesto alle differenti esigenze, è perfetto come soluzione salva spazio. Aperto crea ambienti operativi, come aule scolastiche, sale riunioni o uffici open space. Chiuso, ha un ingombro ridotto e si sposta facilmente grazie alle ruote, di cui due dotate di freno che lo rendono saldo e stabile. Il piano è pratico da aprire e bloccare e con il suo sistema di ganci permette di unire tra loro più tavoli.

Multifunctional environments need to optimize every available centimeter. The Sestante table with tilting top is designed specifically to adapt in one simple step to a range of requirements, it is perfect as space-saving solution. Open, it creates operational environments such as school classrooms, meeting rooms and open space offices. Closed, it takes up minimal space and is easily moved around thanks to the castors, two of which are fitted with brakes to make it firm and stable. The top is practical to open and lock into position while the coupling system allows several tables to be joined together.

Les milieux multifonctionnels ont besoin d'optimiser chaque centimètre à disposition, Sestante est la table avec plan abattant idéalisé justement pour s'adapter en un simple geste aux différentes exigences et parfait comme solution sauve-espace. Ouvert, il crée des milieux opérationnels, tels que salles de classe, salles de réunion ou bureaux open space. Fermé, il a un encombrement réduit et se déplace facilement grâce aux roues, dont deux avec freins qui le rende stable et solide. Le plan s'ouvre et se bloque aisément et son système de crochets permet d'unir différentes tables entre elles.

Salva-spazio e salva-tempo. Basta un gesto per chiudere la scrivania, portando il piano da orizzontale a verticale. Riunire e mettere in un angolo i tavoli diventa semplicissimo grazie alle ruote.

Space saving and time saving. Close the desk by moving the top from the horizontal to the vertical position in one single step. Gathering and putting tables in a corner becomes very simple thanks to the wheels.

Sauve-espace et sauve-temps. Il ne suffit que d'un geste pour fermer le bureau, et ramener le plan de la position horizontale à celle verticale. Réunir et mettre en angle les tables est très simple grâce aux roues.

Pratico sistema di unione tra le scrivanie.

Practical system for joining desks together.

Système pratique d'union entre les bureaux.

47

TIPPER

48

Il tavolo con piano a ribalta TIPPER è una soluzione smart per gli spazi lavorativi multifunzione. La sua grande flessibilità lo rende perfetto per allestire nello stesso ambiente una sala riunioni, un'aula, un meeting o un ufficio operativo open space, in tempi rapidissimi e senza cambiare l'arredamento presente. Le ruote e il sistema di chiusura del piano permettono di accatastare tra loro più elementi in pochissimo spazio e di spostare il tavolo in modo rapido. Sicuro, grazie alle maniglie blocca-sblocca e alle ruote pivotanti con freno.

The TIPPER drop-leaf table is a smart solution for multifunctional workspaces. Its great flexibility makes it perfect for setting up a meeting room, classroom, meeting or open space operational office in the same environment, in very rapid themes and without changing the decor present. The wheels and the closing system of the top allow you to stack several elements together in very little space and to move the table quickly. Safe, thanks to the lock-unlock handles and pivoting wheels with brakes.

La table rabattable TIPPER est une solution "smart" pour les espaces de travail multifonctionnels. Sa grande flexibilité le rend parfait pour aménager une salle de réunion, une salle de classe, une réunion ou un bureau opérationnel en open space dans le même environnement, dans des thèmes très rapides et sans changer le décor présent. Les roulettes et le système de fermeture du plateau permettent d'empiler plusieurs éléments ensemble dans très peu d'espace et de déplacer la table rapidement. Sûr, grâce aux poignées verrouillables et aux roues pivotantes avec freins.

58

**Portalibri**

Tipper ha un ripiano portaoggetti con fondo chiuso, collocato nella parte inferiore del tavolo.

Book holder

Tipper has a closed bottom storage shelf, placed at the bottom of the table.

Porte-livre

Tipper a une étagère de rangement inférieure fermée, placée au bas de la table.

59

**Gonna tavolo**

Il modesty pannel di cortesia di Tipper è dotata di cerniere che, nel caso di accatastamento dei tavoli, ruotano permettendo l'allineamento con il piano.

Table-panel

Tipper's modesty courtesy panel is equipped with hinges which, in the case of stacking tables, rotate allowing alignment with the top.

Panneau pour la table

Le panneau de courtoisie de Tipper est équipé de charnières qui, dans le cas de tables empilables, pivotent permettant l'alignement avec le plateau.

SPOT

60

Il tavolo SPOT sfrutta il sistema innovativo con cui è progettata la gamba pieghevole. Leggera e pratica, non ha struttura centrale e permette di essere chiusa completamente all'interno del piano. Ideale per allestire in pochissimo tempo un ambiente, risulta pratico ed efficiente in contesti come meeting, conferenze e banchetti. Le caratteristiche della gamba ripiegabile permettono di accatastare tra loro i tavoli che, leggeri e pratici, possono essere impilati e spostati con il carrello portatavoli.

The SPOT table exploits the innovative system with which the folding leg is designed. Light and practical, it has no central structure and allows it to be closed completely inside the top. Ideal for setting up an environment in a very short time, it is practical and efficient in contexts such as meetings, conferences and banquets. The characteristics of the folding leg allow the tables to be stacked together which, light and practical, can be stacked and moved with the trolley.

La table SPOT exploite le système innovant avec lequel le pied pliant est conçu. Léger et pratique, il n'a pas de structure centrale et permet de le refermer complètement à l'intérieur du plateau. Idéal pour créer un environnement en très peu de temps, il est pratique et efficace dans des contextes tels que réunions, conférences et banquets. Les caractéristiques du pied pliant permettent d'empiler les tables qui, légères et pratiques, peuvent être empilées et déplacées avec le chariot.

61

62

63

64

SPOT è pratico e veloce da assemblare. Alzando le leve si ruota di novanta gradi la gamba, una volta aperta e posizionata, si chiude la leva che blocca e rende stabile e sicuro il tavolo.

SPOT is practical and quick to assemble. By lifting the levers, the leg is rotated ninety degrees, once opened and positioned, the lever closes and makes the table stable and safe.

SPOT est pratique et rapide à monter. En soulevant les leviers, la jambe est tournée à quatre-vingt-dix degrés, une fois ouverte et positionnée, le levier se ferme et rend la table stable et sûre.

65

Con il sistema di agganci Spot-coppia è possibile unire tra loro più tavoli senza l'uso di riduttori o ulteriori accessori. Basta aprire il gancio presente in ciascun tavolo, affiancare i piani e quindi chiudere tra loro i due ganci.

With the Spot-couple coupling system, it is possible to join several tables together without the use of reducers or additional accessories. Just open the hook on each table, place the tops side by side and then close the two hooks together.

Avec le système de couplage Spot-couple, il est possible de joindre plusieurs tables entre elles sans utiliser de réducteurs ou d'accessoires supplémentaires. Il suffit d'ouvrir le crochet de chaque table, de placer les plateaux côté à côté puis de refermer les deux crochets ensemble.

MERCURIO

Parete Idea

Tipologie moduli / Types of modules / Types de modules

La parete divisoria Idea, è un sistema divisorio monolitico molto versatile, garantisce privacy e sicurezza lasciando però spazio alla luce e alla trasparenza. Un sistema facilmente integrabile con le strutture e i rivestimenti dell'ufficio, fissi o mobili, come muri divisorii, pavimenti flottanti o soffitti e controsoffitti. È disponibile con profilo verniciato nero, bianco o alluminio, e con vetro trasparente o acidato.

The Idea partition wall is a highly versatile monolithic partitioning system, which guarantees privacy and security whilst opening up to the light and providing transparency. The system can easily be integrated into fixed or movable office structures and claddings, such as partition walls, floating floors or ceilings and false ceilings. Now also available with black or white painted profile.

La paroi diviseur Idea est un système diviseur monolithique très polyvalent, qui garantit confidentialité et sécurité tout en laissant espace à la lumière et à la transparence. Un système facilement intégrable aux structures et aux revêtements du bureau, fixes ou mobiles tels que les murs diviseurs, les planchers flottants ou les plafonds et les faux-plafonds, Aujourd'hui disponible même avec profil peint en noir ou blanc.

Ark light

Contenitori / Storage units / Conteneurs

Semplicità e funzionalità sono le caratteristiche che distinguono il sistema di mobili contenitori Ark Light. Progettati per ottimizzare al massimo l'archiviazione dei documenti e del materiale, tutti i moduli che compongono la linea sono affiancabili. Mentre la scocca può essere scelta nelle tinte bianco grigio e grafite, le ante a battente sono disponibili in tanti colori. La struttura perimetrale in due profondità e le ante sono realizzate con spessore di 18 mm, mentre la schiena misura 5 mm di spessore e i ripiani all'interno 25 mm.

Simplicity and functionality are the characteristics that distinguish the Ark Light storage system. Designed to maximize the storage of documents and material, all modules that make up the line can be placed side by side. While the structure can be chosen in white, gray and graphite, the hinged doors are available in many colors. The perimeter structure in two depths and the doors are made with a thickness of 18mm, while the back measures 5mm thick and the shelves inside 25mm.

La simplicité et la fonctionnalité sont les caractéristiques qui distinguent le système de rangement Ark Light. Conçus pour optimiser le rangement des documents et du matériel, les modules qui composent la ligne peuvent être placés côte à côté. Tandis que la coque peut être choisie en blanc, gris et graphite, les portes battantes sont disponibles dans de nombreuses couleurs. La structure périphérique en deux profondeurs et les portes sont réalisées avec une épaisseur de 18 mm, tandis que le dos mesure 5 mm d'épaisseur et les étagères à l'intérieur 25 mm.

Schiena: sp. 5 mm
Scocca*: M001 bianca
M700 grigia
M790 grafite

Frontali: 22 colori nobilitati
13 Colori laccati
Lucidi e opachi
Vetro trasparente temperato

* A richiesta con scocca laccata opaca e lucida.

Grande componibilità grazie alle due profondità.
Facile e rapido da montare.
Ante nobilitate con cerniera rallentata.

Back: th. 5mm
Structure*: M001 white

Ark scorrevole

Contenitori / Storage units / Conteneurs

Le ante scorrevoli interne conferiscono al sistema di mobili contenitori Ark Scorrevole grande praticità ed ergonomia, perfetti in ambienti più ristretti, dove le ante scorrevoli possono essere aperte e chiuse senza ingombrare. Il sistema è presentato in 2 moduli da 4 altezze, tutti affiancabili.
La struttura e le ante sono realizzate con spessore di 18 mm, mentre all'interno lo spessore dei ripiani è di 25 mm.

The internal sliding doors give the sliding Ark storage system great practicality and ergonomics, perfect in smaller environments, where the sliding doors can be opened and closed without cluttering. The system is presented in 2 modules of 4 heights, all side by side.
 The perimeter structure and the doors are made with a thickness of 18 mm, while inside the shelf thickness is 25 mm.

Les portes coulissantes internes confèrent au système de rangement Ark Coulissante une grande praticité et ergonomie, parfaites dans les petits environnements, où les portes coulissantes peuvent être ouvertes et fermées sans encombrement. Le système se présente en 2 modules de 4 hauteurs, tous côté à côté.
 La structure périphérique et les portes ont une épaisseur de 18 mm, tandis que le dos mesure 18 mm d'épaisseur et les étagères à l'intérieur 25 mm.

Schiena: sp. 18 mm
Scocca*: 22 colori
Frontali e cappello:
 22 Colori nobilitati
 13 Colori laccati
